# BUILDING AN INDIVIDUAL FOR THIS GENERATION

IN SPIRIT,  
MIND, AND  
BODY

The mission of Mount St. Michael Academy is the same as all Marist Brothers' schools; that is the Christian Education of Youth. The primary responsibility of Mount St. Michael Academy is the moral development of the students. This development calls for the formation of responsible adults who are nurtured within the tradition of the Roman rite of the Catholic Church and who become living examples of that tradition. The process of Christian Education of Youth is best fostered within a Christian Community which provides moral, spiritual, intellectual, affective, social, and physical formation.

The primary rights of responsibility for the Christian Education of Youth belongs to the students' parents. To aid in this endeavor, Mount St. Michael complements and cooperates with the efforts of the family, the Church, and the State. In conjunction with the entire Catholic Church, Mount St. Michael strives to elicit genuine Christian conviction and commitment and to cooperate with the State to foster responsible citizenship and an appreciation of our American heritage.

## Trips: Time-Out Great Adventure

Trips are the way for the student body to escape from study, classes, doing something, to doing nothing. Through trips we learn to live, care, and share together. 1980 marked the greatest number of trips ever.

# Sports: A Vital Part of the MOUNT

Sports is a vital part of the Mount Tradition. It opens new boundaries to the youth and gives a chance to show potential, talent, and endurance in a chosen sport. Mount sports exhibit diversity, yet each sport has a standard. Each sport is similar in its cooperation of the students and the effect it has on the image of the Mount.

Mount Saint Michael over the years has not only been a school of higher learning, but a school filled with great physical and mental efforts. The Mount sports are something special. They create a pride that we carry on as a continuation of the Mount Tradition.

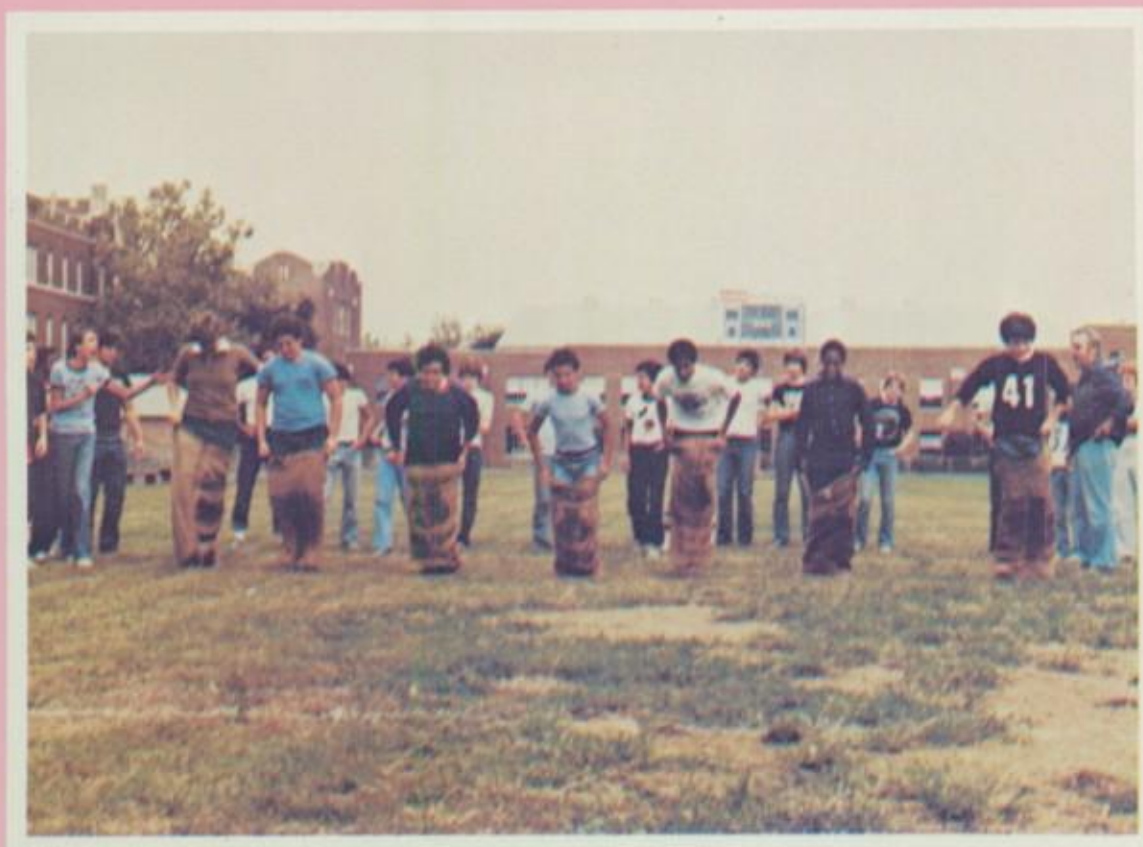

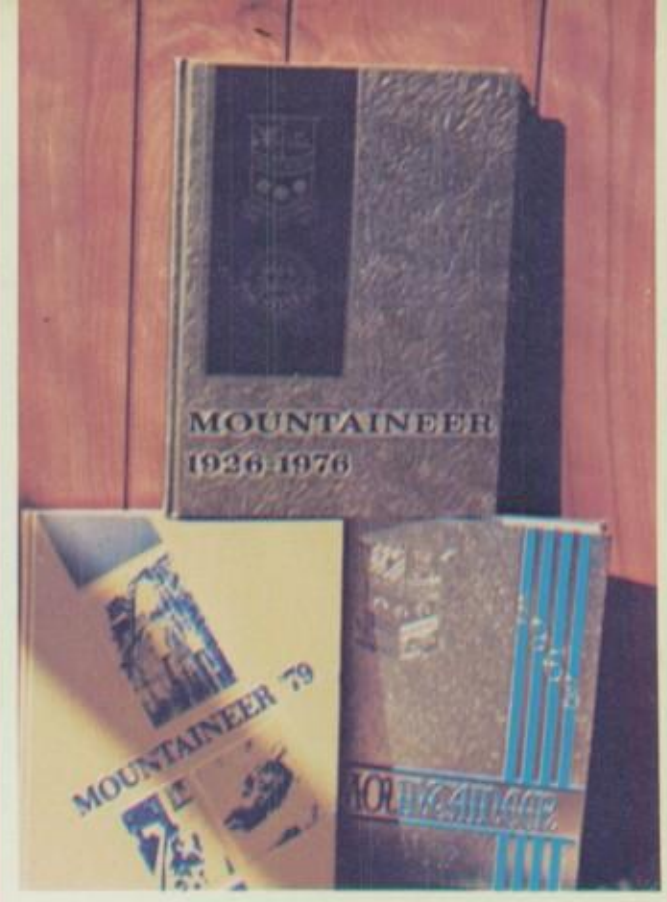

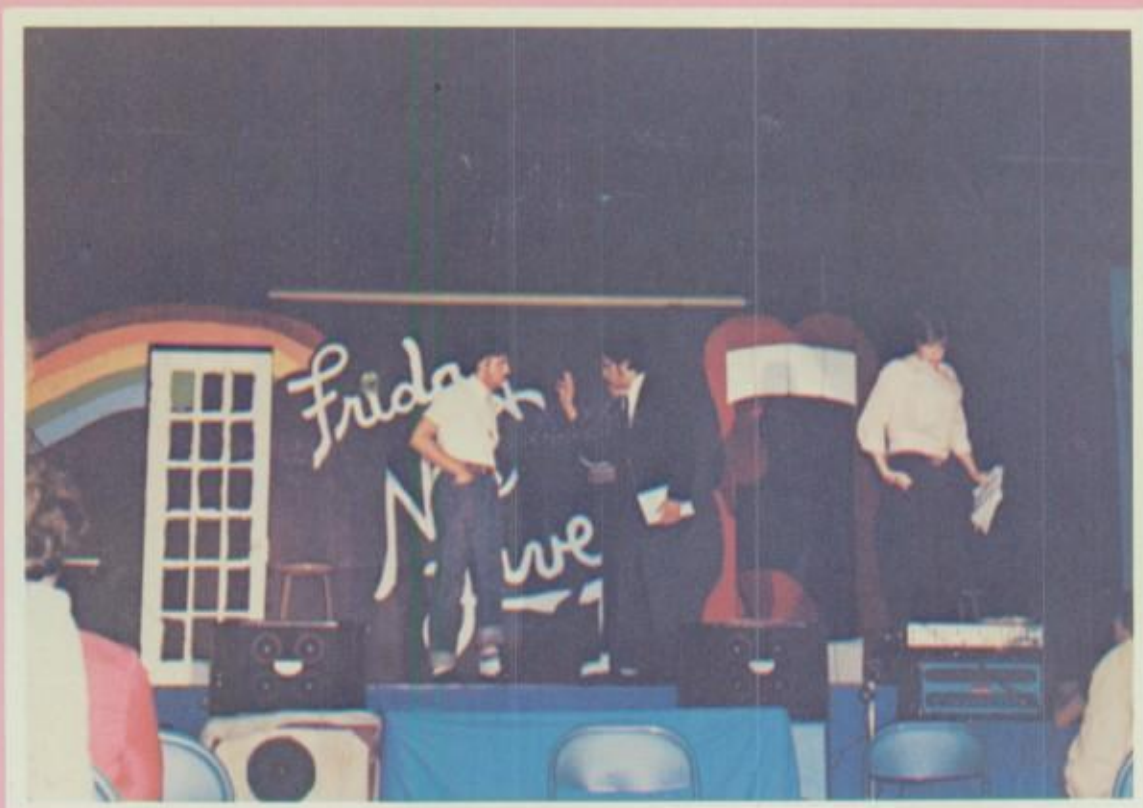

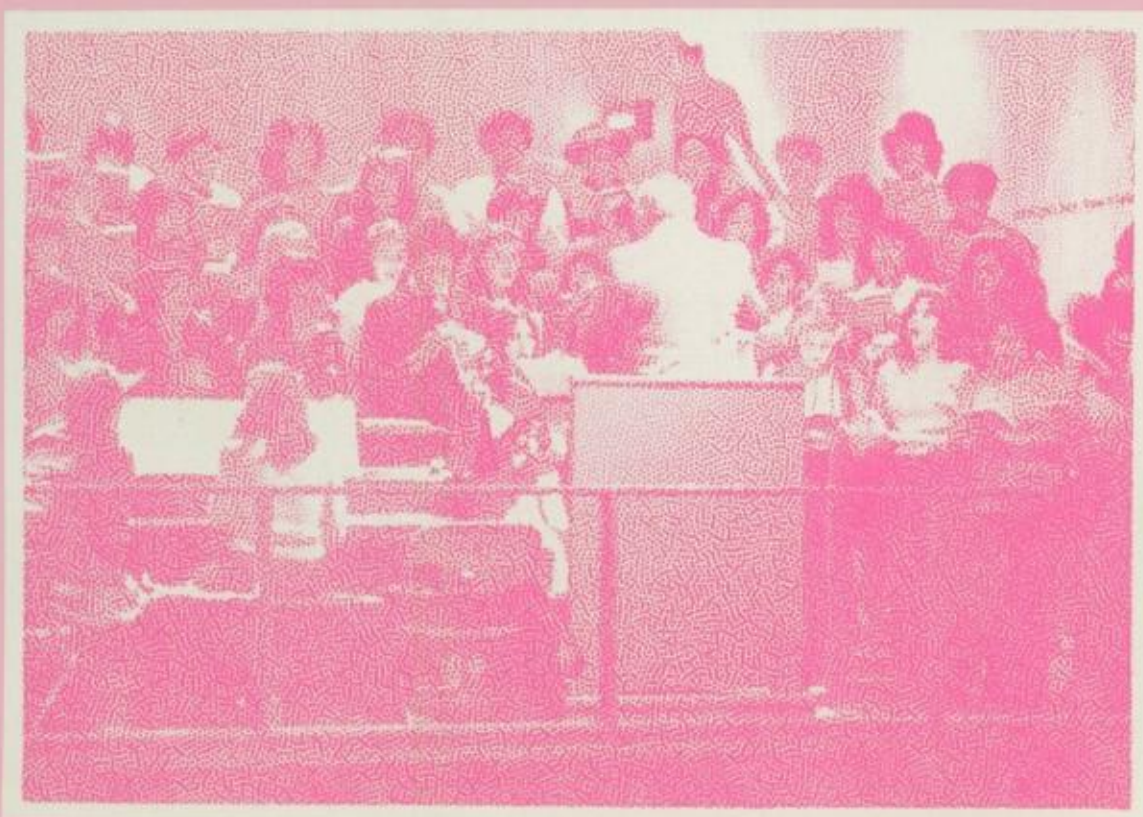

## Activities: The Other Half Of Education

Mount Activities bring common unity, interest, and a shared enthusiasm for achievement. Activities give us time to pursue our interests, share our ideas, and learn from others. Students, teachers, and administration at our school all have a great interest in activities which fills the entire atmosphere. Activities are the main source of enjoyment and satisfaction, serving as a lesson in life—involvement.

## Class of '81 Celebrates Ring Day

I can recall experiencing a combined feeling of marvel, pride, and determination after setting eyes on our school ring. At that time I considered it the most beautiful object I had ever seen and longed for the moment to place it on my finger. Tonight that moment has come, and I know I am not simply wearing a piece of jewelry, but a symbol of respect, comradeship, and unity among us Mounties.

This ring is a reward for our achievements at Mount, an incentive to continue achieving what we set out to do, and a beacon emitting light symbolizing "hope" or "the way" which we represent. We must never forget what our ring stands for.

As Juniors and as Christians, we know the true meaning of being tested, not just in the physical sense of taking exams but mentally, emotionally, and spiritually. As Juniors we have reached the stage in our lives when so many factors that were never a part of our life have become a part; we have so many questions and problems (many without solution) and as Christians, God has become an important and influential factor in our lives. As Juniors we have begun to break away from dependency on others, and we have not only chosen but demanded our independence, and as Christians, we have reached the level of maturity in which we are able to decide for ourselves to what extent we wish to fulfill our Christian obligations. As Juniors we have come to the realization that most decisions we make now will have a significant effect on our future, and as Christians, we have come to the realization that God is our future. As Juniors we have reached a stage in our lives in which we sometimes feel it is difficult to be our own person because of the combination of peer-pressure and the many tests of moral character that are thrown at us at this stage, and as Christians, we sometimes find it difficult to keep the faith under the trying circumstances that teenagers encounter. As Juniors we are level-headed enough to realize that whatever changes are made in the future, changes toward peace, halting the deterioration of values, and the continuation of the family unit, lie in our hands. As Christians, we are the present and future Christian community.

Life is a journey, not a destination, especially because we have entered the most important part of our journey, the crossroads you might say. We have reached the point in between our lack of needing guidance and our search for guidance. By the decisions we make now, we realize we can travel uphill or downhill and that is what makes this period of our lives such an influential, traumatic, exciting, frustrating, frightening, adventurous, and memorable one. This theme is an appropriate one for us, telling us no matter what road we take, to live for life, not live to die, not simply to go through the actions but to act to the best of our ability, to live the fullest, richest, and most robust life we can.

We have for the last 16 or 17 years absorbed the knowledge of the generation before us, and to our parents, family and teachers, we are truly grateful. It is our hope that our gratitude will lie most in who we are and what we will become as a result of your generosity and love.

## Men of the Mount—

I have been associated personally with Mount Saint Michael for many years—as a student, a teacher and an administrator. In all those years, I have become stronger in my convictions, that for the most part, Mount St. Michael has produced some of the best Catholic and Family people. The proud tradition of the Mount is something I cherish very deeply. The many friends that I have made during the many years of association with the Mount, never ceases to be of deep meaning and consolation. The association with other Marist schools throughout the 54 countries where Marists teach is still another dimension we cannot overlook. We share in the work of Marists throughout the world.

Now you may say, "What does this mean for me?" Simply, that you are part of that same Mount and Marist traditions,—that you too share in the love, care and concern of all Marists throughout the world—that we are united as one, as a Family, to work for the good of mankind and towards the spread of the "Good News" by becoming living examples of your Faith. Regrettably this is not always the case, but it does not mean you should give up Hope. At any time, we will be here to help you, love you and give the support you may need. You are here but a short time, but our association lasts beyond life into eternity. Let us share with one another, let us love one another, let us help one another. We are Mounties, we are Marists, we are Christians—Be proud of the past—make the present count—and as a result we all will become better because you have given of yourself to all.

May we be able to say with St. Paul when the evening of life comes to greet us all,

"I have fought the good fight to the end;  
I have run the race to the finish,  
I have kept the faith . . ."

Thank you for being you.

Peace,

# Dedication

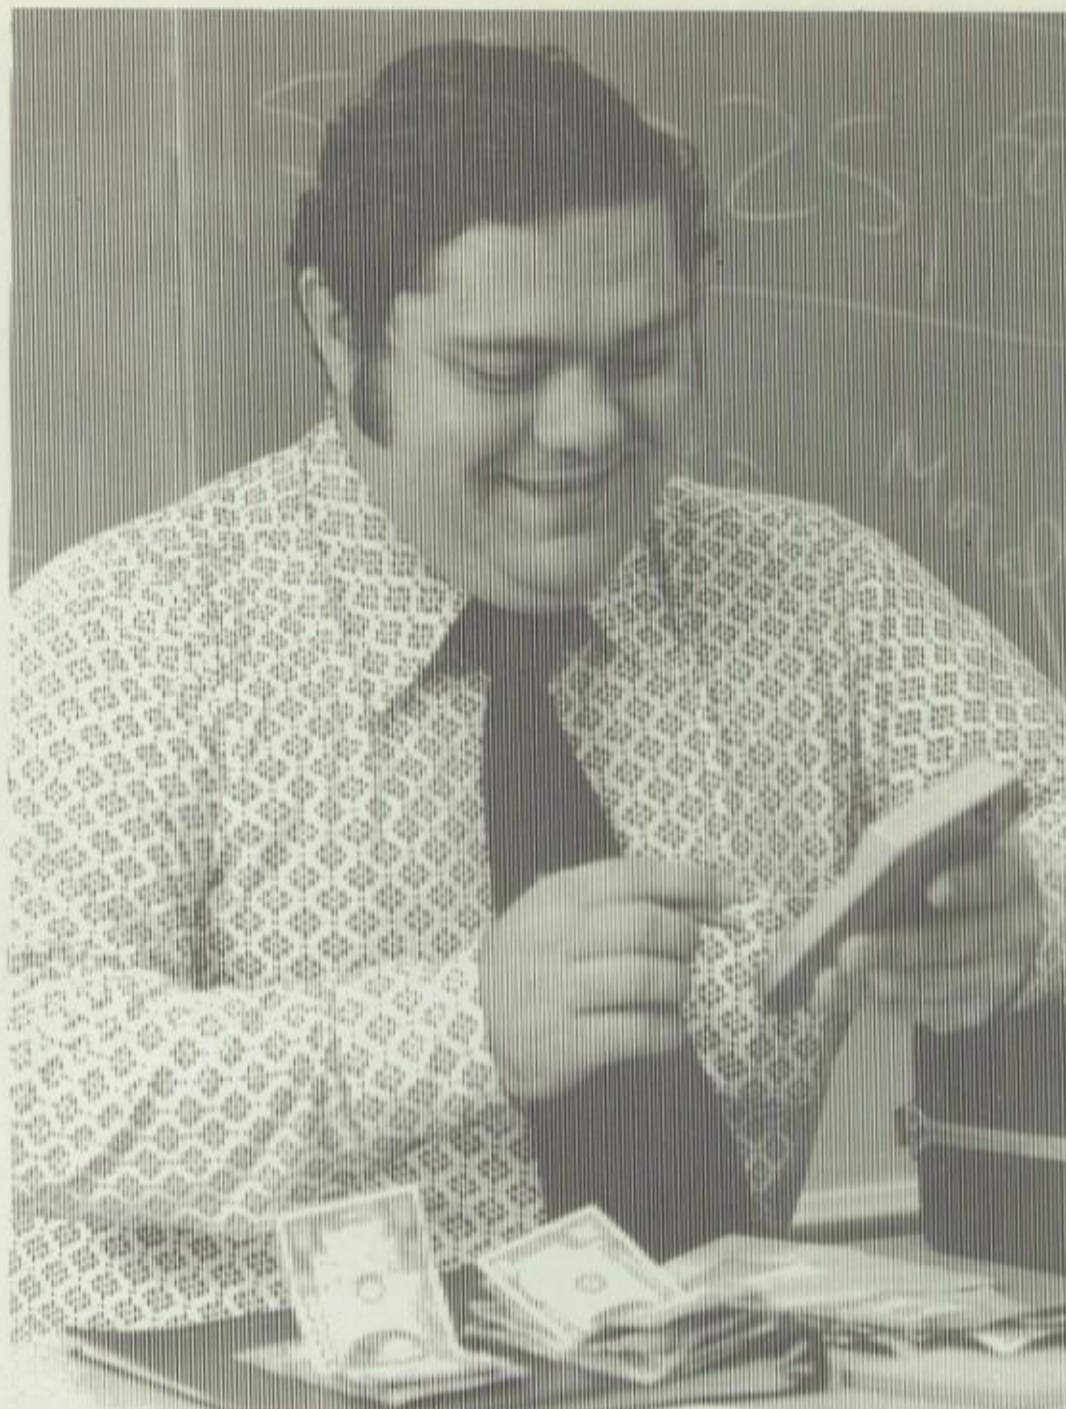

For seven years the Mount Saint Michael Community has been privileged and fortunate to have as an integral part of its life a man whose talents, energies, and efforts have been directed toward making the Mount a better place.

From the academia of the classroom, where we found explanation of the Christian message, to the numerous extended classroom activities, where Christian principles found expression, Mr. Jack Murphy has acted on what he taught.

He has shown through his interest in our lives that the person comes first. He has demanded from us the best of our abilities both academically and as persons. It is only through being challenged that we know that we can rise to the occasion and become better persons than we were before. It is in the study of the Good News or in the fun of Great Adventure, it is in the gathering of food for the poor or in sun-filled trips to Florida, and it is in a blood drive or in a Marathon for the Mount, that Mr. Jack Murphy has given of himself to bring all aspects of life to his students.

It is an expression of our deepest regard for him, and what he has done for us, that we, the Class of 1981, dedicate the 1981 *Mountaineer* to Mr. Jack Murphy.

As we leave the Mount Saint Michael Community, we carry with us a far richer education than when we first arrived. We thank you, Mr. Murphy, for giving us the opportunity to share with you as teacher and friend.

## Brother Jude Driscoll

"A Brother Is A Man For Whom The World Is Not Large Enough."

These words of Blessed Marcellin Champagnat, the founder of the Marist Brothers, aptly apply to Brother Edmund Jude Driscoll. The zest and verve he brings to all of his activities is plainly evident. Brother Jude's warmhearted, natural manner, his numerous acts of kind service rendered at any hour of the day or night, are a source of inspiration to all who know him.

In the prime of Brother Jude's vigorous and bouyant life adversity struck. The debilitating effects of Lou Gherig's disease have severely limited the physical activities of this zealous man.

Like the man Job, whose story we read in the Old Testament, Brother Jude, in the midst of his adversity, has maintained an undaunted spirit. He has continued to tutor, counsel and console those who need assistance. Brother Jude's persistent spirited approach to life continues to inspire us and echoes the words Job spoke when he was severely afflicted: "The Lord gave and the Lord has taken away; blessed be the name of the Lord." # A Tribute

## Dr. Anthony Cerrato

On behalf of the Seniors of Mt. St. Michael, we would like to pay a very special tribute to one of the Academy's finest, Dr. Anthony Cerrato.

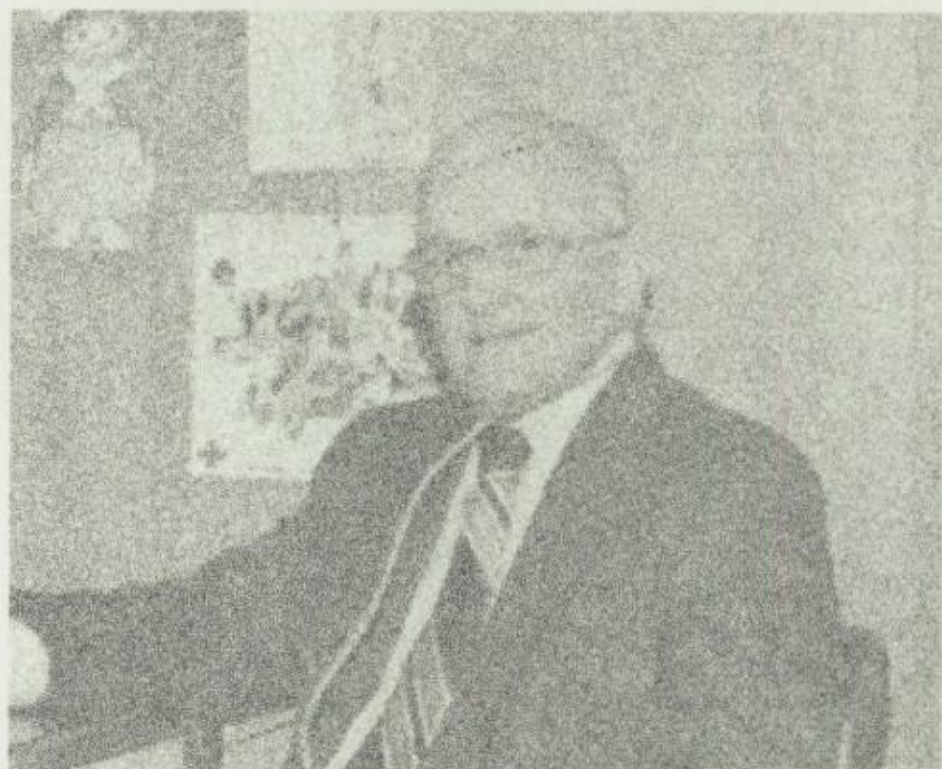

Dr. Cerrato, born in Manhattan on April 4, 1907 of Italian-American heritage, has truly manifested his dedication and service to this fellow man. After graduating from The City College of New York, he continued his post-graduate studies at New York University. He did his internship and residency at King's County Hospital during the years of 1932-1935 and 1940-1942. He held private practice from 1935-1939. When World War II broke out, he entered the service in 1942. He earned the rank of Captain through his dedication to our fighting men, and he returned home to resume his practice in 1945. He retired on January 1, 1981.

Dr. Cerrato's dedication to the Mount has clearly been seen through his services to all facets of the sports program. Since 1957 he has donated any fees which he acquired from treating athletes to the Dr. Cerrato Scholarship Fund. Dr. Cerrato's medical skills have always been available to the needs of our athletes, especially our football players. They have him to thank for injury treatment. To express their thanks, Dr. Cerrato was presented at the Turkey Day Classic on November 22, 1980 with a plaque of merited service. His generosity will always be remembered!

Dr. Cerrato served and supported his family well. He has been married fifty years, as of February 1, 1981, to Lillian Pernazza. The couple has three children, a daughter, Mrs. Audrey Manger, and two sons, Robert and John Cerrato. The two sons attended Mount Saint Michael, for their father knew they were going to receive a good education.

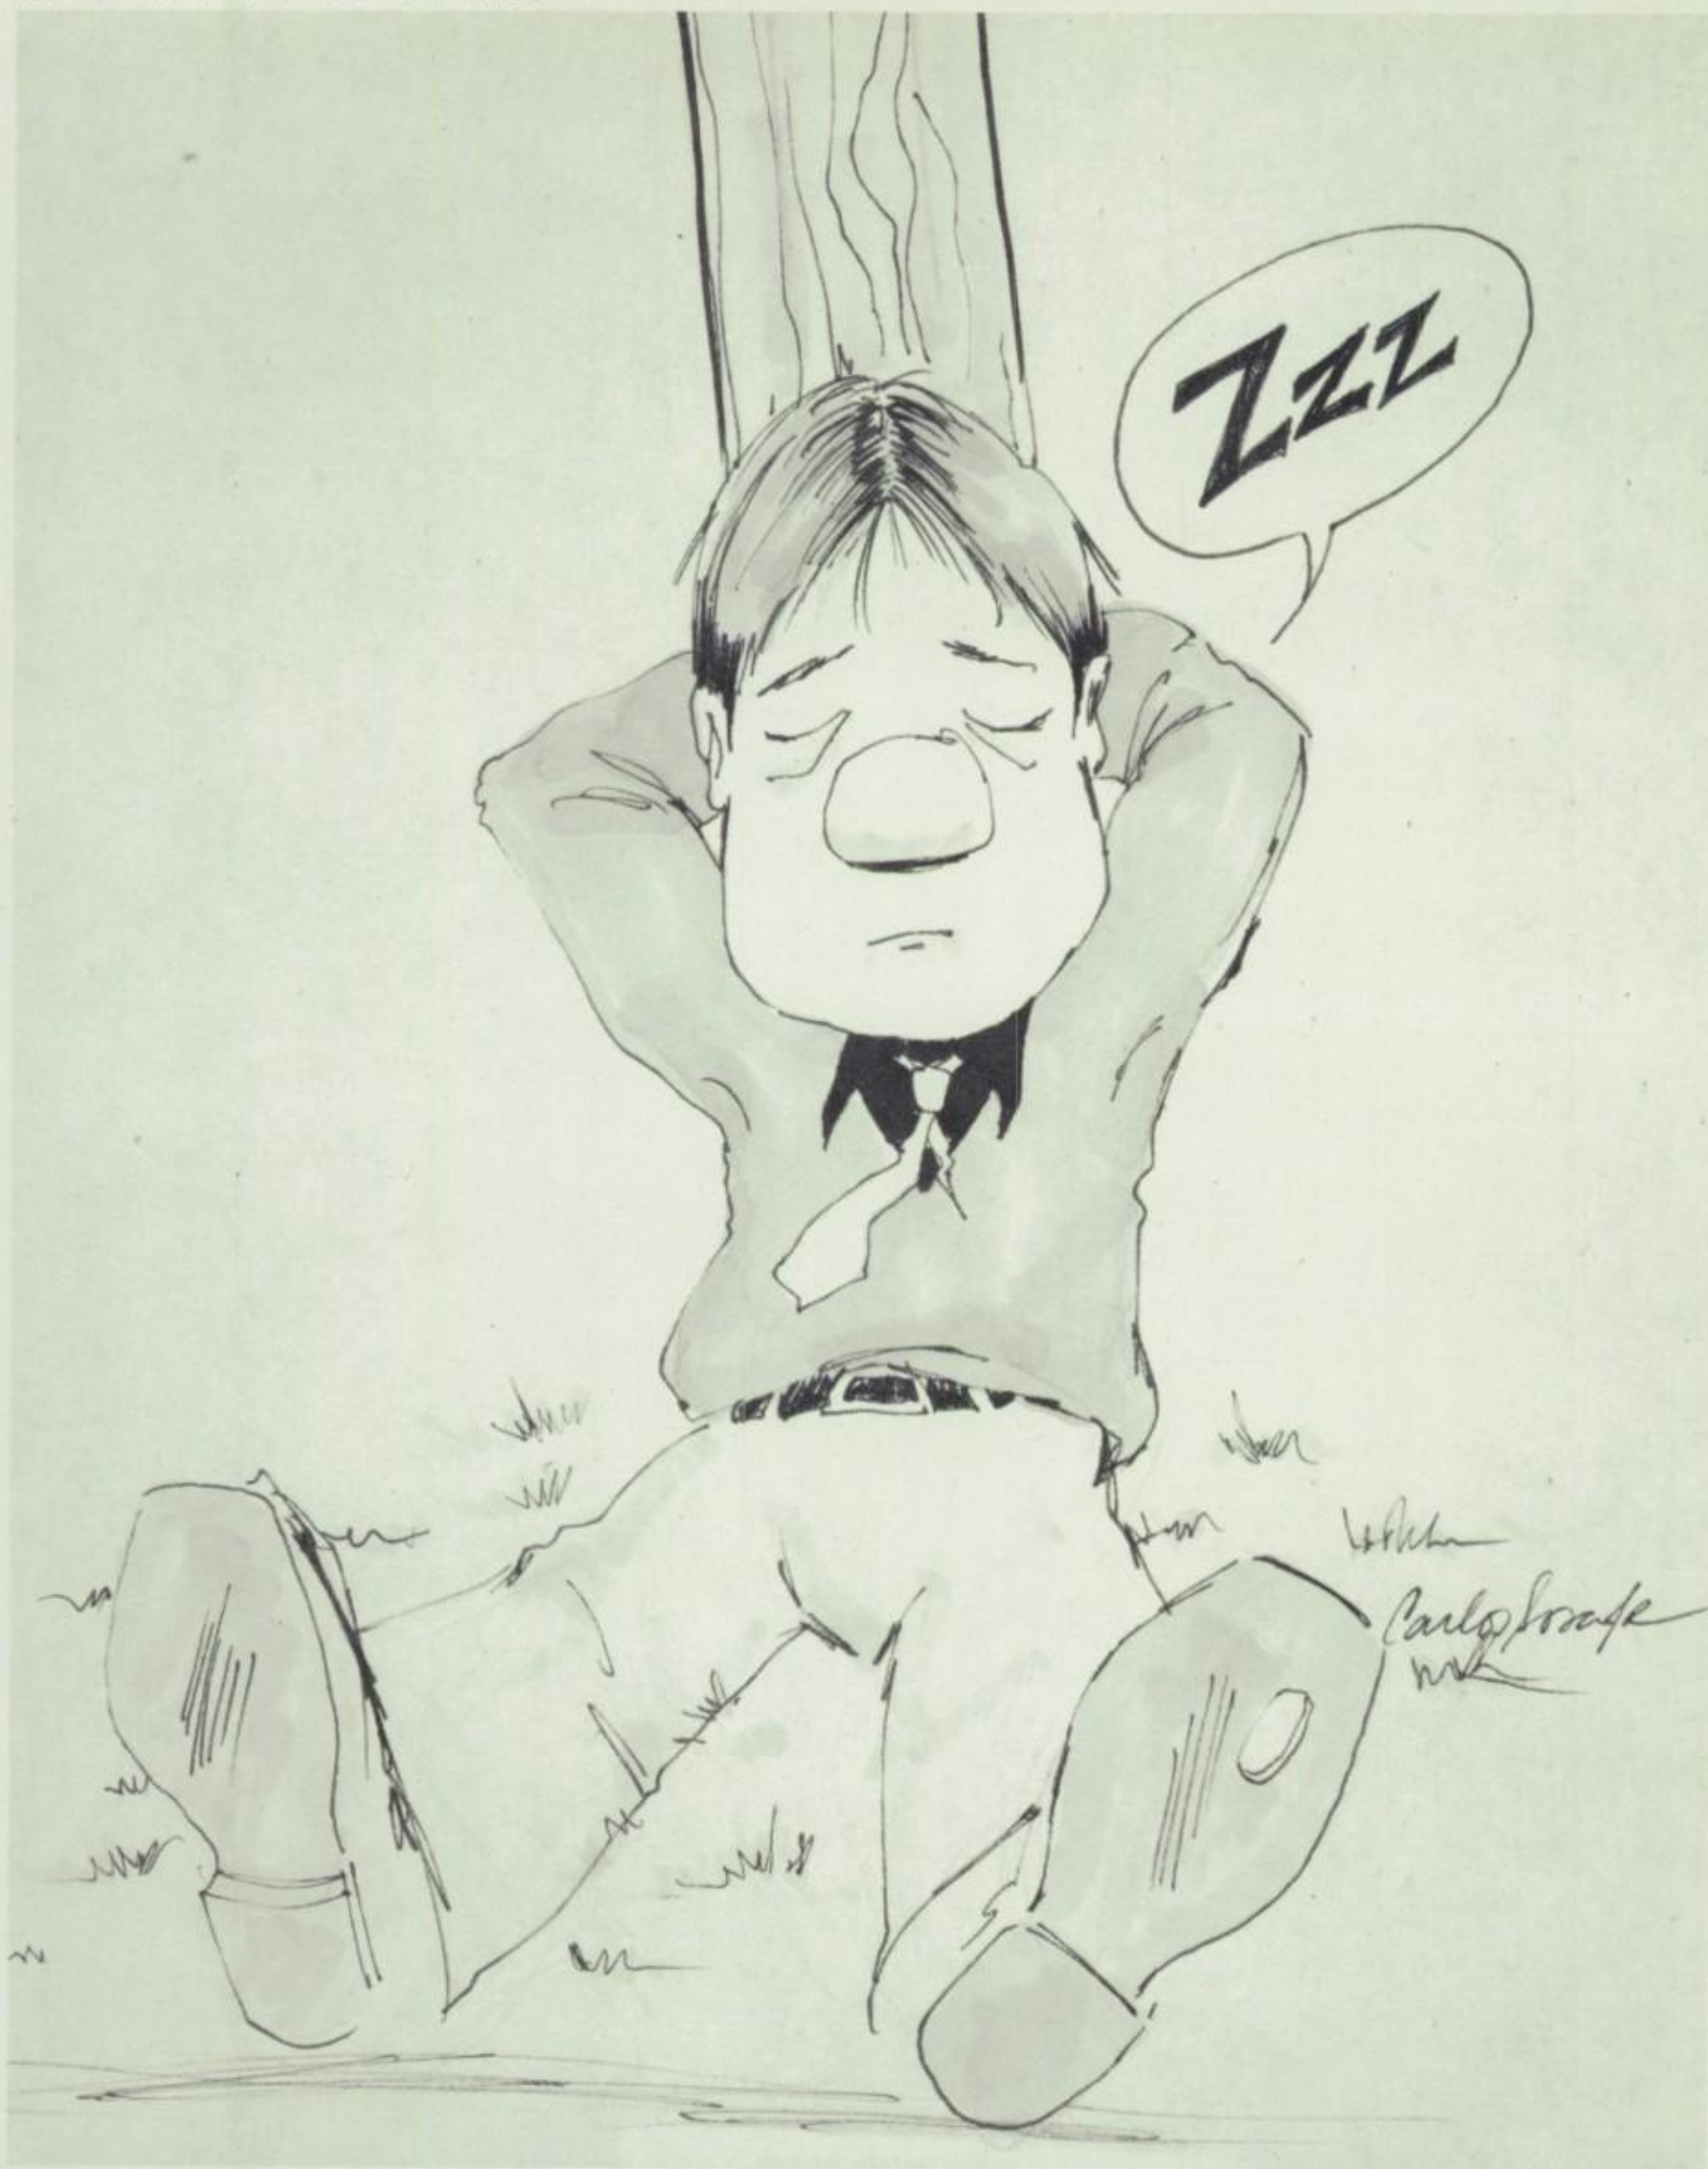

Dr. Cerrato's service to the Marist Brothers has been one of constant devotion to the Marist way of life. His association to the Brothers has been one of day and night loyalty. His love for his family, his care and support for their growth, and his strong defense of the Roman Catholic Doctrine, both in and out of his practice, further convinces one that a man associated with the Marist Brothers walks in imitation of Christ.

In his retirement, may the Lord bless him.

Small in number, Mount's X-C team has proven that quality and not quantity counts. A list of performances by the Varsity at Van Cortland's 2½ mile course includes placings by I. Mitchell, E. Diaz, J. McCarthy, and D. Johnson in the Regis Invitational Meet. Medals were won by E. Diaz, C. Catlin, and I. Mitchell at the Iona State College Meet and C. Catlin (who placed first) and J. McCarthy at the Bronx Championships. Charles Catlin also ran exceptionally well at West Lake, the Public School 5 km., and the Manhattan Meet, proving himself a valuable asset to the team.

In the Sophomore Championships on Oct. 22, I. Mitchell placed fourth out of 120 runners. Strong performances were also turned in by D. Johnson, S. Murphy, J. Moynihan, and J. Kelly.

# Frosh Cross-Country

Mr. Mike Doran, Coach

"The qualities of a championship team—talent, dedication, and excellent team spirit!"

The stars of the season were the freshmen who have proven to be one of the best Freshmen X-C teams in Mount history and undoubtedly one of the best in city league history. In the Bronx Championships, both the Freshmen "A" team led by Garcia, Diaz, Gore, Reddington, Sacoto, Kissane, and McPherson and the Freshman "B" team led by Oschmann, Hemsley, Downey, Hernandez, Zeolla, Martin, Acevedo, Gill, and McGovern took first place with ease. In the Sectionals and the Intersectionals, the Freshman "A" team again demonstrated their superior ability by placing 1st. In the last meet of the season, the phenomenal Albert Garcia, who has broken the tape nearly as many times as he has won a race, set a new school record of 8:20.3 for the 1 1/2 mile course. Also, Garcia, Diaz, Gore, Redd, and McPherson set a new school record with an average time of 8:48.

1st Row: V. Leone, E. Gore, E. Leung, L. Diaz, P. Burns, J. Martin, J. McPherson, S. Hernandez, 2nd Row: C. Robinson, S. Gill, C. Acevedo, V. Hemsley, F. Boyle, K. Greenan, K. Downey, A. Garcia, 3rd Row: J. Elliot, M. Reddington, J. Kissane, D. Tyler, M. Zeolla, M. McGovern, K. Oschmann, J. Sacoto

# Frosh Indoor Track

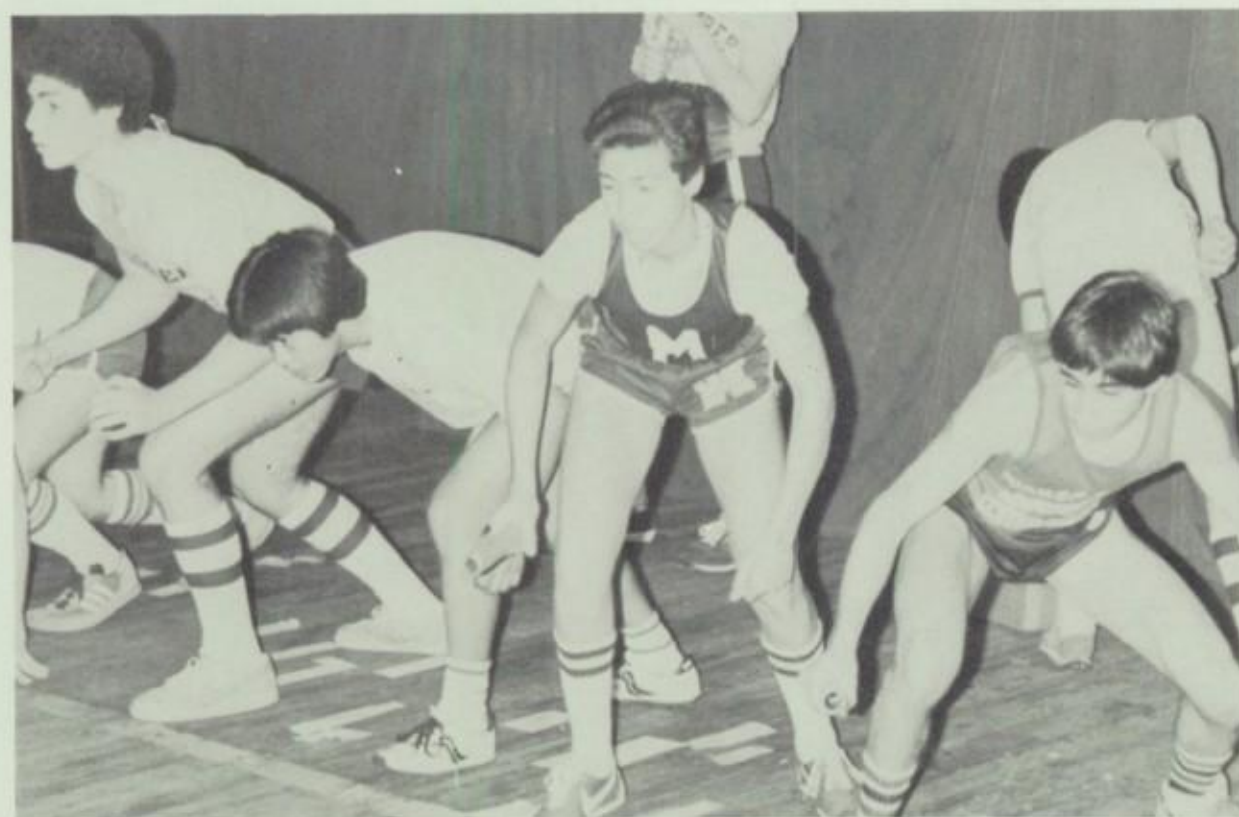

The 1981 Indoor Track season was a tremendous success. Winning performances included a first place finish for the Distance Medley Relay Team of Diaz, Rocco, Finnegan, and Garcia at the Relay Carnival. The same team won the same race at the Iona College Meet. At the same meet the Submidget 440 yard run of Mitchell, Martin, Nuamchoroer, and McLaughlin turned out a winning performance. At the Fordham College Meet, The Distance Medley Relay Team of Diaz, McPherson, Finnegan, and Garcia took first place. Frosh Intersectionals found Eric Gore placed fourth in the two mile run and Lenny Diaz fourth in the 880 yard run. The Frosh Mile was a photo finish between the League's two top runners, Sullivan of Xavierian got the nod over Al Garcia. Both runners were timed in 4:42, fast times for freshmen. Overall a truly superb season for the freshmen!

## Varsity Indoor Track

The 1981 Indoor Track season was a most challenging and memorable one. Just like any athletic endeavor there were disappointments along the way such as our defeat by only seconds at the Manhattan College time trials which just edged us out of the Madison Square Millrose Games. However, there were many accomplishments such as: in the Relay Carnival, the distance medley of Catlin, McCarthy, Mattioli, and Moore took third. In the CHSAA Junior Midget Championships, Catlin, McCarthy, Mitchell, and Mattioli placed third in the two-mile relay. In the Stepinac Dual Meet, Charlie Catlin took first in the mile, and an outstanding performance was turned in by John McCarthy who took first in the 880 yard run with a time of 2:03 and then came back with a 54:0 440 yard run. At the Dartmouth Games, Charlie Catlin took fifth in the 1000 yard run with a time of 2:18.3 qualifying him for the Eastern States at Princeton. At West Point, Charlie Catlin ran well again, taking second in the 1000 meter run with a time of 2:35. Finally in the very important Inter-sectionals, John McCarthy took first place in the 880 yard run with a time of 2:01. This performance made him eligible for the Eastern States Championships along with Charlie Catlin.

In a hard contested battle of brains and talent, the Varsity Bowling Team through the season was able to maintain a first or second place position. Their efforts have been marked by desire and persistence for a League Championship. Captained by Jack Delli Carpini, it's talent lies in the well-rounded efforts of all the team members. Darryl Moran led as high average giving needed impetus to team victories. As the final weeks of the season approached, the team was looking toward a victory and place at Madison Square Garden.

## 1981 New York Archdiocesan Champs

It was a great season for the Mount's Junior Varsity Bowling Team! As they approached the homestretch of League play, the team was in first place by enough points to guarantee them first place with three league games still to play. Young and energetic, a balance of talent led by Romano Robba, enthusiasm and persistence, and a depth of skill, the team will play at Madison Square Garden in late March against League winners from Brooklyn-Queens Division. The team played relentlessly giving up only three points out of a possible ninety. Their youth and talent gives the Mount many good seasons of competitive play to look forward to. Congratulations for a job well done.

# Driver Education

Mount Saint Michael Academy offers a sound program in Driver Education. It covers all major aspects of driving skills, the mechanics of automation, and driving safety. In an age where the American populace depends so much upon mobility, getting a sound foundation is very important. The course itself is made up of textbook material, demonstrations, lectures, research, and valuable films. through all these media, the student is assisted in learning the necessities of making a good driver.

The Driver Education Program at the Mount is directed by Brother George Mathews. As Second Vice President of the Driver and Safety Educators Association of New York, the District Chapter President, a certified bus examiner of the Department of Motor Vehicles of the Bronx District Office, and winner of numerous awards, he is well qualified to steer the program.

An added aspect of the Driver Education Program is the opportunity offered the students to participate in the Annual Motor-Road Rally established in 1968. It is designed for various student drivers of different schools to compete in driving skills and to develop sportsmanship.

Driver Education is a program to be taken advantage of. Everyone of driving age should take the opportunity to gain a better understanding through this program and be a safe driver.

# Junior Retreats

a moment  
of peace . . .

a moment of joy . . .

a moment  
of thought . . .

a moment  
of prayer.

The Junior Retreat Program is one of the greatest of Mt. St. Michael. This program facilitates the for Christian growth at a particular age.

Through the Junior Retreats, Christ becomes real in the lives of students. For the first time, some experience Him as brother, some as Lord. The Juniors feel accepted and respected for their own sakes. They understand in a unique way that God, indeed, is love.

The Juniors' minds are opened to the Church as a community of believers. As a result of the retreat, many are ready to accept what the Church has to offer them. Many offer their own service to others. The sacraments and scriptures take on a new sense of meaning. The Juniors begin to see their brothers and sisters as part of the body of Christ.

# MUSCLE FOR MOUNT

## NOV. 3<sup>rd</sup>, 1980

On November 3, 1980, the Second Annual Mount Marathon was held. The theme for this marathon was "Muscle for Mount." It was a tremendous effort to create a renewed sense of team and school spirit among students and faculty.

The purpose of this marathon was to raise money for our school activities in order to fight rising tuition costs. The activities the students supported ranged from the art program to the yearbook. This is a total of twenty-two activities which includes sports, clubs, and various activities.

For this marathon some students participated in the walk-a-thon and walked for ten miles. Some students participated in the skate-a-thon where students roller-skated for three hours. And finally, some participated in the ice-a-thon, where they ice skated for three hours. Those who were active in one of these three activities collected money from many people and different sources in order to help the Mount.

The success of the Second Annual Mount Marathon was \$22,591.42. This amount has shown that Mount Saint Michael has school spirit and we are united. A special thanks are due to Mr. Jack Murphy, Brother Thomas Lee, and Brother Timothy Brady for their organizational efforts. Congratulations to all Mounties for a job well done!
